

ARTIST TO ARTIST INTERNATIONAL SCHEME 2010

Call for proposals from UK-based artists

Visiting Arts in partnership with The Delfina Foundation are pleased to announce Artist to Artist International 2010. The 2010 scheme will introduce a geographic focus by inviting artists from across the Middle East and North Africa.

The programme provides an opportunity to bring together artists to initiate dialogues across international borders, enabling pairs of artists to enter into new working relationships on an open-ended and informal basis. Professional, practising UK based artists can apply to invite an artist of their choice, from the below prioritised countries, to visit them in the UK for two weeks for the exchange of ideas and experiences.

The selected overseas artist will spend two weeks with the UK artist, visit their studio, meet contacts, network and discuss ideas. The emphasis is on the development and research process rather than production, free from any obligation to produce a prescribed outcome.
